Characters stuck in Conspiracy!

In &TV's Happu Ki Ultan Paltan andBhabiji Ghar Par Hai, Daroga Happu Singh and Vibhuti Narayan Mishra have fallen victim to a conspiracy. About Happu Ki Ultan Paltan's upcoming track, Geetanjali Mishra aka Rajesh shares, "Bimlesh (Sapna Sikarwar) has gone to her mayka and taken up a new job, leaving Benni (Vishwanath Chatterjee) irritated and restless in her absence. Upset and emotional, he begins throwing tantrums, claiming that if Bimlesh doesn't return soon, he will start an affair with someone else. Desperate and frustrated, Benni confronts Happu Singh (Yogesh Tripathi), who reassures him with a bold promise that he will bring Bimlesh back. And if he fails, he is willing to change his name. Taking this promise quite literally, Benni gets an affidavit drafted declaring that Happu Singh will officially be renamed 'Tilchatta Singh' if he cannot bring Bimlesh back. This leaves Happu terrified, especially when Benni starts threatening Rajesh (Geetanjali Mishra) and her mother Awdheshhiya (Urmila Sharma), though neither of them budge. Katori Amma (Himani Shivpuri) warns that mere threats won't work, and real action is needed.Meanwhile, a quirky case lands at the police station involving a wife troubled by her tone-deaf husband. Sensing an opportunity, Happu convinces the

woman, Surili, to pretend to be Benni's love interest, hoping this act will save him from the dreaded name change. In return, Happu promises to scold her husband thoroughly. However, things take an unexpected turn when Happu learns that Surili's husband is the brother of the Police Commissioner (Kishore Bhanushali), and tensions rise. Benni brings Surili home, but Awdheshhiya and Rajesh still don't react, though deep down, both are extremely nervous. The situation escalates so far that Benni decides to marry Surili! Despite everyone's reluctance, the wedding rituals begin. Just before the phere is about to take place, Surili's real husband and the Commissioner storm in and expose the entire act as a charade. Rajesh and Awdheshhiya finally uncover the truth. Furious, Benni whips out the affidavit and warns Happu that by morning, his name will officially be Tilchatta Singh. Just then, Benni receives a message from an unknown number, supposedly from Bimlesh, saying that she is on her way and he shouldn't worry.

I think as a kid I was really attracted to the Superman family comics: James Gunn

Superman, DC Studios' first feature film to hit the big screen, soars into theaters worldwide this summer from Warner Bros. Pictures. In his signature style, James Gunn takes on the original Super Hero in the newly imagined DC universe with a singular blend of epic action, humor and heart, delivering a Superman who's driven by compassion and an inherent belief in the goodness of humankind.

When Superman is drawn into conflicts both abroad and at home, his actions to protect humankind are questioned, and his vulnerability allows tech billionaire and master deceiver Lex Luthor to leverage the opportunity to get Superman out of the way for good. Will the Daily Planet's intrepid reporter Lois Lane, together with the aid of Metropolis's other metahumans and Superman's own four-legged companion, Krypto, be able to help Superman before Luthor can completely destroy him?

The film follows Superman's journey to reconcile his heritage as the Kryptonian Kal-El with his human upbringing as Clark Kent of Smallville, Kansas, and his selfless determination to use his power for good as humanity's protector. Guided by human kindness in a world that sees kindness as old-fashioned, he is

the embodiment of truth, justice and a better tomorrow.

Ask the visionary James Gunn about when fell in love with the character Superman and he says, "I've always liked Superman. I think as a kid I was really attracted to the Superman family comics, with Superman and Supergirl and Krypto and the whole gang. And I was a huge fan of the Richard Donner film as a child—the score and everything about it just kind of blew my mind. It was at a time when I was starting to become more aware of how important films were to me in my life, and that was different from how important films were to other people in their lives"

The film stars David Corenswet in the dual role of Superman/Clark Kent, Rachel Brosnahan as Lois Lane and Nicholas Hoult as Lex Luthor. The film also stars Edi Gathegi, Anthony Carrigan, Nathan Fillion, Isabela Merced, Skyler Gisondo, Sara Sampaio, Maria Gabriela de Faria, Wendell Pierce, Alan Tudyk, Pruitt Taylor Vince and Neva Howell.

Yash Raj Films has inked a landmark deal with Naga Vamsi's Sithara Entertainments for the distribution rights of War 2. Reportedly, the leading South film production and distribution company has acquired the Telugu rights of War 2 to distribute it across Andhra Pradesh

The makers believe that the Naga Vamsi company is the right contender to take War 2 to the grassroots of the Telugu heartland. Reportedly, the Ayan Mukerji directorial will not be treated like a regular dubbed movie, but it will be released in mass pockets across APTS like a true-blue local venture.

Actors Share Their Most Unusual Chocolate Encounters!

For most of us, chocolate is a comforting, familiar treat, whether it's a bar of silky milk chocolate or a bite of rich, dark decadence. But an unexpected twist in flavour can turn an ordinary bite into an unforgettable experience. Embracing their adventurous taste buds, &TV actors Sonal Panwar (Malaika, Happu Ki Ultan Paltan) and Vidisha Srivastava (Anita, Bhabiji Ghar Par Hai) share their most unusual Chocolate encounters.

Sonal Panwar essaying Malaika in Happu Ki Ultan Paltan recalls, "During a trip to Goa, I stumbled upon chilli-infused dark chocolate. At first, I wasn't sure what to expect, but the moment I tasted it, I was taken aback in the best way! The spicy kick from the chilli combined with the bitterness of dark chocolate created a strange yet strangely delightful sensation. It left me confused for a second, but then completely fascinated. I loved it so much that I ended up buying several bars to take home and share with friends, just to see their reactions! I have always had a sweet tooth, but that moment opened a whole new world of

flavours for me. Since then, I have started enjoying chocolates that offer something different, like sea salt caramel, lavender-infused truffles, or even paan-flavoured treats. It's exciting to see how creative and bold chocolatiers have become in recent years."

Vidisha Srivastava essaying Anita Bhabji in Bhabiji Ghar Par Hai shares, "While vacationing in Thailand, I came across a blue cheese truffle. At first, I thought it was a joke, cheese in chocolate? But curiosity got the better of me, and I gave it a try. To my absolute surprise, the tanginess of the blue cheese blended beautifully with the rich, smooth chocolate. It felt more

like a gourmet experience than a dessert. That one bite changed how I look at chocolate. Of course, I still have a deep love for the classic milk chocolate, nutty plains, and silky ganache. But now, I am also drawn to the more daring combinations, think chocolate paired with bacon, wasabi, or even fresh basil. It's fascinating how versatile chocolate can be when you are willing to explore beyond the usual. These memorable moments remind us that sometimes the most delightful experiences come from stepping outside our comfort zones, even when it comes to something as universally loved as chocolate.
