the state soon. For this, proposals should be sent by the state government quickly. They will be approved immediately by the Center. He informed that development works worth Rs 1500 crore are being announced from CRF fund in the state.

# The wish which remained unfulfilled Cong leaders are frustrated: Sabnani

## From the corridors of the Mantralaya Kanhaiya Lodhi

The wish of a powerful minister of the state to hoist the flag in his home district remained unfulfilled. First, a district which was at least 700 km away from his home district was allotted to him for flag hoisting. Later, he requested for a change in it. His request was accepted, but instead of his home district, he was allotted another district under his charge. Now the minister had no other option, so he did not use his influence and finally his wish remained unfulfilled.

## The hustle and bustle which is now a thing of the past

A control center has been set up in the city for flood control in the entire state. The entire state can be monitored from this modern center. But it seems that this monitoring center has been jinxed. The hus-

tle and bustle which was there earlier at this center is completely missing. Earlier, the head of the department used to reach the centre often and would also call the government often, but this time the situation seemed to have changed. The person responsible for calling the government did not show any interest in this season, as a result, the government also reached only once or twice. The retirement mode of the sahab is being held responsible for this attitude.

## Some relief was received

Recently, the level of the Principal Secretary got a big relief in an administrative transfer. The burden of responsibilities on her shoulders was so much that she was unable to handle it.

Along with two big departments, she was also looking after the work of Delhi, finally the government listened to her and some other officer was given the responsibility of a big department. It is being told that Madam wants to go to Delhi, but

there is no possibility that the government will let her leave MP. In such a situation, she is also not able to speak her mind openly. Whatever may be the case at present, but she has got some relief.

## A body language that became a topic of discussion

Recently, during a political meeting, the body language of a big leader became a topic of discussion. Actually, after becoming the state president of the ruling party BJP, Hemant Khandelwal's status has increased. Ministers are now seen sitting next to him in the House. Now different departments are making programs on their own to change the look of his assembly constituency, but meanwhile, in front of a Union Minister, he was seen in the extreme expression of respect, while on the other hand, arrogance was seen in the body language of the Union Minister. As a result, this meeting made a lot of headlines on social media.

## Administrative Correspondent

**Bhopal:** BJP State General Secretary and MLA Bhagwandas Sabnani, while calling the use of abusive language against an administrative officer by the Congress State Media Department President Mukesh Nayak as condemnable, said that Congress leaders have become frustrated due to being in opposition for a long time. That is why they are sometimes using

abusive language against women, sometimes against nationalist organizations like Rashtriya Swayamsevak Sangh and administrative officers.

Congress leaders want to grab headlines with the help of drama and ridiculous actions, but the people of Madhya Pradesh are watching everything and in the coming time will give a befitting reply to Congress for its mental bankruptcy.

## Congress leaders have become mentally bankrupt: Sabnani

Sabnani said that the Congress party and its leaders have become mentally bankrupt. They do not have words left to express themselves that is why they are using abusive language.
